### **DETAILED ACTION**

Applicants have canceled claims 1-15 and added claims 16-49. Claims 16-49 are pending.

#### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 16-49 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
3. Claims 16, 27 and 36 (2 times in claim 36) recite "at least one first stop disposed the housing." It is unclear how the "stop" is related to the housing.

Claims 16, 27 and 36, also recite "capable of." It has been held the recitation that an element is "capable of" performing a function is not a positive limitation but only requires the ability to so perform. It does not constitute a limitation in any patentable sense. In re Hutchison, 69 USPQ 138.

#### ***Allowable Subject Matter***

4. Claims 16, 27 and 36 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claimed "switch plunger..." in combination with claimed limitations of claim 16, 27 or 36 are neither disclosed nor suggested by the prior art of record.
